Each *Party* shall indemnify each of the other *Parties*, within the limits set out in Sections 8.3 and 8.7, in respect of liability resulting from acts or omissions of itself, its employees or its agents provided always that such indemnity shall not extend to claims for indirect or consequential loss or damages such as but not limited to loss of profit, revenue, contracts or the like.

C. 8.3 Claims of the *Commission*

If the *Commission*, in accordance with the provisions of the *Contract*, claims any reimbursement, indemnity or payment of damages from one or more *Parties* (except for claims relating to the matters mentioned in the *Contract* Annex II Articles 6(2), 6(3), 7(3)b, c) or e), 26, 27 or 28 which claims shall be solely for the account of the relevant *Party(ies)* or where the *Commission* states the claim is to be solely for the account of a certain set of *Parties*):

- (a) each *Party* whose default has caused or contributed to the claim being made shall indemnify each of the other *Parties* against such claims provided always that the total limit of liability of that *Party* to all of the other *Parties* collectively in respect of any and all such claims shall not exceed twice that *Party's Project Share* - any excess shall be apportioned between all the *Parties* pro rata to their *Project Shares*; and
- (b) in the event that it is not possible to attribute default to any *Party* under (a) above, the amount claimed by the *Commission* shall be apportioned between all the *Parties* pro rata to their *Project Shares*.

D. 8.4 Liability towards Third Parties

Subject always to such other undertakings and warranties as are provided for in this *Consortium Agreement* and the *Contract*, each *Party* shall be solely liable for any loss, damage or injury to third parties resulting from its carrying out its parts of the *Project* and from its *Use of Knowledge* and/or *Pre-existing Know How*.

E. 8.5 Third Parties

- (a) Each *Party* shall be fully responsible for the performance of any part of its share of the *Project*, or other *Contract* obligation, in respect of which it enters into any contract with a third party (e.g. a *Subcontractor*) and shall ensure (i) such contracts enable fulfilment of the *Contract*; (ii) the other *Parties*' *Access Rights* are the same as would have been the case had the contracting *Party* performed its share of the *Project* and/or those obligations itself; and (iii) the third party shall not have access to any other *Party*'s *Knowledge* or *Pre-Existing Know-How* without that *Party*'s prior written consent.
- (b) Each *Party* shall in writing inform the other *Parties* if it intends to enter into a contract referred to in Section 8.5(a) (giving the rationale therefor) if such an event has not been detailed in the *Contract Annex I* and the contract is other than for a minor or trivial part of its share of the *Project*. Such *Party* shall consider in good faith comments made, pursuant to the *Contract Annex II Article 5*, in relation to such contract.
- (c) Each *Party* hereby grants *Access Rights* to all *Affiliates* of any other *Party* as if such *Affiliates* were *Parties* provided all such *Affiliates* grant *Access Rights* to all *Parties* (and their *Affiliates*) and (without prejudice to the *Parties*' obligations to carry out the *Project* and to provide *Project Deliverables*) fulfil all confidentiality and other obligations accepted by the *Parties* under the *Contract* or this *Consortium Agreement* as if such *Affiliates* were *Parties*.
- (d) In addition to the obligations pursuant to the *Contract Annex II Article 8*, each *Party* shall ensure that it can grant *Access Rights* and fulfil the obligations under the *Contract* notwithstanding any rights of its employees, or persons it engages to perform part of its share of the *Project*, in the *Knowledge* or *Pre-Existing Know-How* they create after the *Project Commencement Date*.

F. 8.6 Defaults and Remedies (1)

A *Party* in default of its obligations under the *Contract* which default causes lawful withholding of payments by the *Commission* to other *Parties*, shall pay to the other *Parties* interest on the amount withheld at an annual rate equal to one (1) percentage point above the prime rate of interest on overdrafts charged according to Euro Interbank Rate (EURIBOR) on the last working day before the *Commission* informed the other *Parties* of such withholding or on the last working day before which the *Parties* or the *Coordinator* became aware of such withholding (whichever was the earlier). Such interest shall accrue on a daily basis until the *Commission* has effectively transferred the withheld amount to the *Coordinator*.

G. 8.7 Defaults and Remedies (2)

In the event of (i) a substantial breach, but not in case of force majeure, by a *Party* of its obligations under this *Consortium Agreement* or the *Contract* which is irremediable or which is not remedied within one month of written notice from the other *Parties* requiring that it be remedied, or (ii) if Section 15.4 applies, or (iii) if the *Commission* terminates the *Contract* in respect of a *Party*, the other *Parties* may jointly terminate this *Consortium Agreement* with respect to the *Defaulting Party* concerned by not less than one month's prior written notice.

Such termination shall take place with respect to such *Defaulting Party* as of the date of such notice, subject to the provisions in (a) to (b) below.

Notice of such termination pursuant to (i) or (ii) above shall be given to the *Commission* and the *Commission* shall be requested to terminate the *Contract* with respect to the *Defaulting Party* pursuant to the *Contract* Annex II Article 7(3)(b) or to state it does not object to the withdrawal from the *Project* of the *Defaulting Party* in accordance with the *Contract* Annex II Articles 7(2)(b), provided always that:

- (a) the *Access Rights* granted to the *Defaulting Party* pursuant to this *Consortium Agreement* shall cease immediately;
- (b) the *Access Rights* granted and the obligations to grant *Access Rights* pursuant to this *Consortium Agreement* or the *Contract* by the *Defaulting Party* shall remain in full force and effect;
- (c) the *Defaulting Party* shall:
 - (i) be responsible for and pay all reasonable direct cost increase (if any) resulting from the assignment referred to in Section 4.3(f) in comparison with the costs of the tasks of the *Defaulting Party* as specified in the *Contract* Annex I at the date of termination of this *Consortium Agreement* with respect to the *Defaulting Party*; and
 - (ii) be liable for any so resulting additional direct cost incurred by the other *Parties*, up to a total amount which taken together with any liability to the *Commission* under Section 8.3 shall not exceed the total maximum limit of liability specified in that Section in respect of the *Defaulting Party*, and any excess amount shall be shared between the *Parties* (including the *Defaulting Party*) pro rata to their *Project Shares* at the date of termination of this *Consortium Agreement* with respect to the *Defaulting Party*.

The *Defaulting Party* shall be deemed to have agreed as the case may be to the termination pursuant to the *Contract* Annex II Article 7(3) (b) or its withdrawal from the *Project* pursuant to the *Contract* Annex II Article 7(2)(b) with the proviso that such deemed agreement shall be without prejudice to the rights of the *Defaulting Party* to appeal against such termination or withdrawal as the case may be.

Section 9

Force Majeure

A failure in the performance of this *Consortium Agreement* cannot be imputed or assumed to a *Party* to the extent it is due to “Force Majeure”.

The expression "Force Majeure" shall mean any unforeseeable and insuperable event affecting the *Party* fulfilling its obligations hereunder.

Each *Party* will notify the other *Parties* in writing of any “Force Majeure” or *Force Majeure* as soon as possible. The *Parties* shall discuss in good faith the possibilities of a transfer of tasks affected by the event. Such discussions shall commence as soon as reasonably possible. If such *Force Majeure* event is not overcome within 6 weeks after such notification, the transfer of tasks shall be carried out.

Section 10

Access

A. 10.1 Protection of Knowledge

10.1.1 If, in the course of carrying out work on the *Project*, a joint invention, design or work is made (and one or more *Parties* are contributors to it), and if the features of such joint invention design or work are such that it is not possible to separate them for the purpose of applying for, obtaining and/or maintaining the relevant patent protection or any other intellectual property right, the *Parties* concerned agree that they may jointly apply to obtain and/or maintain the relevant right together with any other parties concerned (which usually will be *Assistant Contractors*).

The *Parties* concerned shall seek to agree between them and the other parties concerned arrangements for applying for, obtaining and/or maintaining such right on a case-by-case basis. Where the parties concerned are solely *Parties*, so long as any such right is in force, the *Parties* concerned shall be entitled to use and to license such right without any financial compensation to or the consent of the other *Parties* concerned.

For the avoidance of doubt, joint ownership of an invention, design or work shall not affect the obligations arising under this *Consortium Agreement* or the *Contract*.

10.1.2 In respect of a country either specified by the *Commission* or agreed by the *Parties*, a *Party* shall notify the other *Parties* (via the *Coordinator* if practical) if it does not intend to seek adequate and effective protection (as required by the *Contract*) of certain of its *Knowledge* from the *Project* or if that *Party* intends to waive such protection. If another *Party* (or *Parties*) informs the notifying *Party* in writing within one calendar month of such notice that it wishes to obtain or maintain such protection, the notifying *Party* shall assign to such other *Party(ies)* all necessary rights which it owns. Such assignment shall ensure the *Access Rights* of all *Parties* will be unaffected except that the *Party(ies)* shall not enforce the resultant rights acquired pursuant to the assignment against the *Party* which assigned its rights, nor against such *Party's Affiliates* or licensees under the assigned rights. For the avoidance of doubt, the *Party* which

assigned its rights shall have at least the same *Access Rights* as the non-involved *Parties*.

B. 10.2 General principles relating to *Access Rights*

- 10.2.1 All *Access Rights* for carrying out of the *Project* and for *Use* are granted on a non-exclusive basis.
- 10.2.2 Save in exceptional circumstances, no transfer costs (as referred to in the *Contract* Annex II Article 11(5)) shall be charged for the granting of *Access Rights*.

C. 10.2.3 Change of Control

Upon cessation of the control of an *Affiliate* any *Access Rights* granted to such *Affiliate* in respect of *Knowledge* or *Pre-existing Know How* shall lapse, provided however that information which is *Knowledge* which has been incorporated into the products, processes, software or services of such *Affiliate* or which has been amalgamated with such *Affiliate's* own information may continue to be used (in the manner it was then being used) by such *Affiliate* provided it is not practical to do otherwise. In such event, at the request of such *Affiliate*, each requested *Party* shall grant to such *Affiliate* non-exclusive licences under that *Party's* intellectual property rights which are *Knowledge* against terms and conditions to be agreed, provided that no *Legitimate Interests* of such *Party* oppose the grant of such licences. Upon such cessation of control, *Access Rights* granted by such *Affiliate* shall continue in full force and effect.

D. 10.3 *Access Rights* for carrying out the *Project*

- 10.3.1 Subject to Sections 8 and 10.3.3, *Access Rights* to *Pre-Existing Know-How* needed for carrying out the *Project* shall be deemed granted, as of the date set out in the *Contract* Article 2, on a royalty-free basis to and by all *Parties*.
- 10.3.2 Subject to Section 10.3.3, *Access Rights* to *Pre-Existing Know-How* and *Knowledge* needed for carrying out the *Project* shall be deemed granted, as of the date set out in the *Contract* Article 2, on a royalty-free basis to all *Assistant Contractors* which similarly grant such *Access Rights* to all *Parties* and other *Assistant Contractors*.
- 10.3.3 Conditions as set out in the *Contract* Annex II Article 12 can be applied by a *Party* if as soon as reasonably possible and preferably before submission of the *Project* proposal to the *Commission* but in any case prior to entering into the *Contract*, the granting *Party* has in writing notified the *Assistant Contractors* and other *Parties* of the conditions that will apply to such *Access Rights*.
- 10.3.4 For the avoidance of doubt, *Software* will be available only insofar as, and in the form which it is, needed for carrying out the *Project*. Notwithstanding the foregoing and save as set out in the *Contract* Annex 1, the supplying *Party* shall have no obligation to port the *Software* to any particular equipment or to change it from the form in which the supplying *Party* has it.

E. 10.4 Access Rights for Use

- 10.4.1 Unless a *Party* has as soon as reasonably possible and preferably before submission of the *Project* proposal to the *Commission* but in any case prior to entering the *Contract* or the *Consortium Agreement* (whichever is the later) notified in writing the other *Parties* of its intention to invoke the following provisions of (i) the *Contract Annex II*, Article 13.1, second paragraph (where possible stating the conditions it proposes), and/or (ii) the *Contract Annex II* Article 14 (stating the details mentioned in the *Contract Annex II* Article 14) and/or (iii) the *Contract Annex II* Article 15 (giving the necessary rationale therefor) each *Party* hereby agrees not to invoke any of them in respect of which it has not so given such notification, except with unanimous agreement of the *Parties*.
- 10.4.2 *Access Rights for Use* which are to be granted on royalty-free terms shall be deemed granted on the date set out in the *Contract* Article 2 for the lifetime of the relevant *Knowledge*.
- 10.4.3 Save as set out in the *Contract Annex 1*, no *Party* shall have any obligation to port any *Software* to any particular equipment but:
- (i) each *Party* shall make *Software* resulting from the *Project* available to other *Parties* in any form needed, including source code
 - (a) to *Use* it (including without limitation by adapting, modifying, converting, translating and copying or having such acts carried out on its behalf) directly or indirectly - in research, or to create and market a product or process, or to create and provide a serviceand
 - (b) to sublicense it as is normal in the course of the relevant trade to end-user customers buying/using the product/services but only to enable them to use and, as needed, (i) to maintain such product/service, and (ii) to create for its own end-use interacting interoperable *Software* in accordance with the Council Directive of 14 May 1991 on the legal protection of computer programs (91/250/EEC).
 - (ii) each *Party* shall make other *Software* available and shall grant, on preferential terms, *Access Rights* which are additional to those set out in the *Contract Annex II*, 13(2) but which are needed for Section 10.4.3(i)(b) .
 - (a) each such sublicense shall when practical be made by a traceable agreement specifying and protecting the proprietary rights of the *Party* or *Parties* concerned; and
 - (b) each sublicensing *Party* and *Affiliate* shall obtain the previous written approval of the owner of the *Software* before sublicensing the source code or any relating design data , except that such approval is not required to the extent that the source code or the relating design data is sublicensed solely

for the third party's own adaptation, error correction, maintenance and/or support of the *Software* sublicensed to him or rightfully further sublicensed by him.

10.4.4 Notwithstanding the provisions of Section 7.1, each *Party* may enter into a technical cooperation or licensing arrangement with a third party in respect of its own information even if unavoidably incorporated into or amalgamated with such information, there are minor amounts of information which is *Knowledge* from the *Project* of another *Party* (and there are minor amounts of information which is *Pre-Existing Know How* or other *Knowledge* of the other *Party*, but which is associated with that information which is *Knowledge* from the *Project* of the other *Party*). In such circumstances and upon request of the *Party* entering the cooperation or arrangement, the other *Party* shall grant non-exclusive rights to permit such cooperation or arrangement against terms and conditions to be agreed, provided that no *Legitimate Interests* of the other *Party* opposes the grant of such rights.

10.4.5 Recognising the *Parties'* obligations to act in good faith and in accordance with Section 7.1(ii)(C) the *Parties* agree the *Access Rights* for using *Knowledge* in subsequent research activities as indicated in the *Contract Annex II Article 13(3)* are to be as follows:

Parties are deemed to be granted as of the date set out in the *Contract Article 2* a right to use free of charge *Knowledge* from the *Project* for -

- (A) internal research;
- (B) third party research, provided the third party does not have direct access to confidential *Knowledge* from the *Project* generated by other *Parties* (as examples - producing research results which are available to the third party but which contain hermetically-sealed *Knowledge* from the *Project*; using *Knowledge* from the *Project* for in-house testing or diagnosis purposes in doing research.)

In the case of research in collaboration with and/or for a third party where the third party needs *Access Rights* to confidential *Knowledge* from the *Project* of another *Party*, the researching *Party* shall in a traceable form (before starting or committing to start the research) inform the third party of such need, and shall use reasonable endeavours to inform the owner of that *Knowledge* of such need in a traceable form. If the owner has been so informed, he shall (i) not unreasonably delay his decision on whether or not to refuse to grant the needed third party *Access Rights* and (ii) not unreasonably refuse to grant such rights on fair and reasonable terms but may, in good faith, so refuse on the grounds of business interest.

However, if despite such reasonable efforts on behalf of the researching *Party*, the owner has not been so informed, the researching *Party* may carry out the research without prejudice to the owner's rights to enforce its rights in any way it deems fit against such third party.

In the case of (b) above,

- (i) the *Parties* concerned shall cooperate to achieve such protection in respect of *Knowledge* (whether invoking the provisions of Section 10.1.2 or otherwise) and to overcome such barrier to publication.
- (ii) provided it does not significantly adversely affect the timing or content of the publication, the publishing *Party* shall delay for an agreed period and/or modify the publication to enable the protecting *Party* to take prompt action to avoid the proposed publication prejudicing the eventual grant of such protection in respect of *Pre-Existing Know-How*; and
- (iii) the opposing *Party* shall use all reasonable endeavours to overcome such barrier to publication as quickly as possible. The publishing *Party* shall postpone the publication of such material until such barrier has been overcome. However, the maximum time of postponement shall be three (3) months from the date of the opposition unless (exceptionally) the *Parties* involved agree (or are required by law or enforceable regulation) to extend the postponement.

12.2 Where a person carrying out work on the *Project* on behalf of a *Party* (the "Relevant *Party*") needs to include *Pre-Existing Know-How* or *Knowledge* of another *Party* in a publication for a qualification for a degree, the above procedures shall be followed save that the planned date of publication shall be deemed to be the date three months before the last date on which (pursuant to the qualification procedures) the contents of the planned publication can be altered.

However, except as stated below, no such publication will be made under the above procedure -

- (i) without a majority agreement of the *Parties* and
- (ii) provided no *Party* who would be adversely affected (as indicated in Section 12.1 (a) or (b)) by the publication has vetoed such publication.

Notwithstanding the foregoing, such a publication can be made if the Relevant *Party* has as soon as reasonably possible (preferably before submission of the *Project* proposal to the *Commission*, but in any case prior to entering the *Contract* or the *Consortium Agreement* (whichever is the later)) notified in writing the other *Parties* of the intention to make such a publication.

12.3 In addition to the *Contract* Annex II Article 18,

- (i) all information provided to the *Commission*, publications and press releases shall have a disclaimer saying "The information in this document is provided as is and no guarantee or warranty is given that the information is fit for any particular purpose. The user thereof uses the information at its sole risk and liability.";
- (ii) confidential information provided to the *Commission* will be marked stating the information is confidential and may be used only for information purposes by Community Institutions to whom the *Commission* has supplied it.

- (c) the *Contract* is terminated by the *Commission* for any reason whatsoever, provided always that a *Party* shall not by withdrawal or termination be relieved from
 - (i) its responsibilities under this *Consortium Agreement* or the *Contract* in respect of that part of that *Party's* work on the *Project* which has been carried out (or which should have been carried out) up to the date of withdrawal or termination; or
 - (ii) any of its obligations or liabilities arising out of such withdrawal or termination.

15.3 If any *Party's* participation in the *Contract* is terminated by the *Commission* pursuant to the provisions of the *Contract Annex II*, Article 7, or a *Party* withdraws from the *Project*, then, without prejudice to any other rights of the other *Parties* the provisions of Sections 4.3(f), 8.6 and 8.7(a) and (b) shall apply correspondingly.

15.4 If any *Party* enters into bankruptcy or liquidation or any other arrangement for the benefit of its creditors the other *Parties* shall, subject to approval by the *Commission*, be entitled to take over the fulfilment of such *Party's* obligations and to receive subsequent payments under the *Contract* in respect thereof.

In such event all rights and obligations under the *Contract* and this *Consortium Agreement* shall in good faith be redistributed among the remaining *Parties* and the affected *Party* on the basis of the work performed by the affected *Party* prior to the occurrence of the above circumstance.

15.5 The provisions of Sections 1, 5.3.1(e), 7, 8, 10, 11, 15 and 16 shall survive the expiration or termination of this *Consortium Agreement* to the extent needed to enable the *Parties* to pursue the remedies and benefits provided for in those Sections.

15.6 Termination of the *Consortium Agreement* and/or cessation of licences granted to the *Defaulting Party* in accordance with Section 8.7(a) and (b) shall not terminate any sublicenses granted or agreed to be granted or offered by the *Defaulting Party* in accordance with ~~Article~~ Section 10 prior to the date on which such termination of the *Consortium Agreement* and/or cessation of licences becomes effective, provided that the *Party* or *Parties* which generated the *Knowledge* or *Pre-Existing Know-How* so sublicensed shall have the right to have an assignment of the *Defaulting Party's* rights under such sublicenses.

15.7 For the avoidance of doubt, termination or withdrawal shall not affect any rights or obligations incurred prior to the date of the termination.

Section 16 Settlement of Disputes

16.1 All disputes or differences arising in connection with this *Consortium Agreement* which cannot be settled amicably shall be subject to the jurisdiction of the appropriate national court of the *Party* who would be the prospective defendant in legal action on the issue.

16.2 The *Parties* may instead elect to resolve by mediation a dispute or difference arising in connection with this *Consortium Agreement* which cannot be settled amicably.

Section 17 **Language**

This *Consortium Agreement* is drawn up in English which language shall govern all documents, notices and meetings for its application and/or extension or in any other way relative thereto.
